

Dear Researchers,

Imperial Life Sciences extends a warm invitation for a seminar on
“ Precision Medicine [Immunohistochemistry(IHC), PTMScan and proteomics] and successful steps to get Reproducible Results by Standard Western Blotting”.

Speaker : Dr. Andy Zou
Cell Signaling Technology, USA

The seminar would also introduce CST well-established Western Blot protocol, key steps and companion products in the talk along with case studies. This talk would be on the below topics :

- Western Blotting (WB Overview, Troubleshooting Guideline, Discussion of "Reproducibility Crisis")
- Precision Medicine [Immunohistochemistry(IHC), PTMScan and proteomics]

Date : **27th February, 2017 (Monday)**

Time : **3 : 00 - 4 : 00 PM**

Venue : **Translational Health Science And Technology Institute (THSTI)**

3rd Milestone, Faridabad – Gurgaon Expressway, Pali, Haryana - 121004

Looking forward for your participation to make this event a success !

Regards,
Imperial Life Sciences
