

(An Autonomous Institute of the Department of Biotechnology, Govt. of India)  
 496, Udyog Vihar Phase III, Gurgaon – 122 016

## WALK-IN-INTERVIEW FOR CLINICAL POSITIONS

### Recruitment Notice No. THS / RN /02 / 2015

- a) Translational Health Science and Technology Institute (THSTI) is an autonomous Institute of the Department of Biotechnology under the Ministry of Science and Technology, Govt. of India. THSTI is developed as a part of the interdisciplinary NCR Biotech Science Cluster to be located at Faridabad, in the National Capital Region. THSTI is designed as a dynamic, interactive organization with a mission to conduct innovative translational research and to develop research collaborations across disciplines and professions to translate concepts into tangible products to improve human health. The interim laboratories of the centre are functioning from Gurgaon in Haryana.
- b) THSTI has set up niche centres for research in areas relevant to planned translational work. They are: Vaccine and Infectious Disease Research Centre (VIDRC), Paediatric Biology Centre (PBC), Centre for Biodesign (CBD), Drug Discovery Research Centre (DDRC), Centre for Human Microbial Ecology (CHME) and Policy Centre for Biomedical Research (PCBR). Clinical Development Service Agency (CDSA) and the National Biodesign Alliance (NBA) are THSTI's extramural centres.
- c) This advertisement is to fill up vacancies of THSTI under the project as mentioned below:

Project Code	Project Name	Project Details
01	<b>“Inter Institutional program for Maternal, Neonatal and infant Sciences – A translational approach to studying Preterm Birth”</b>	The aim is to set up a hospital-based cohort of (a) pregnant women starting from the first trimester, each of whom will be followed up until delivery (b) the children born to these women (c) Composition and dynamics of vaginal microbiomes of pregnant women will be measured. The clinical sites are Gurgaon General Hospital and Safdarjung Hospital.
02	<b>Glue Grant project “Developing a long term partnership for translational health research in child health”</b>	THSTI in collaboration with Regional Centre for Biotechnology and other DBT institutions has started a Glue Grant project at General Hospital, Gurgaon with the broad aim to conduct human research while reasonably supporting available clinical services at GCH; strengthening the clinical care of patients admitted to their departments of Paediatrics, Medicine and Neurosciences, and to facilitate their preparedness for high quality clinical and translational research.
