Rolling Recruitment Notice No. THS/RN/15/2016

EARLY CAREER MEDICAL RESEARCH (ECMR) AWARDS

Applications are invited from physicians for Early Career Medical Research Awards at the Pediatric Biology Centre (PBC) of the Translational Health Science and Technology Institute (THSTI).

THSTI has created these awards to nurture outstanding young physicians who have a strong aptitude towards research and a desire to grow into independent principal investigators. The physicians granted the award will be expected to generate new hypothesis driven innovative research ideas in the area of maternal and child health and learn to drive a research process. The mandate will be to bridge epidemiology and biomedical research to develop robust interventions and solutions for maternal and child health. Extensive opportunities will be provided to learn big-data management, clinical research methodology and lab research methods. There will be constant mentoring by principal investigators and other domain experts. An opportunity to join the THSTI-JNU PhD program will be available but will not be mandated.

THSTI has established long standing collaborations with the nearby district hospital at Gurgaon and effective inter-institutional alliances with other medical, engineering, biology centers across the country & overseas. The research process initiated by the awardee will be facilitated through these collaborations.

Ideas generated by the Awardees that crystalize into specific projects will be credited in the form of some funding support, publications and other credits as decided by the institution.

An ideal candidate should hold a MD/ DNB degree (preferably in Medicine, Pediatrics, Gynecology or Community Medicine).

The award shall normally be for the duration of three years which may be extended by two more years, subject to satisfactory progress, based on a review by the committee of experts and their recommendations. The award carries a consolidated stipend of Rs. 75,000/- per month. The awardee shall not be entitled to draw any other fellowship or salary.

Applicants should send their recent bio-data to Head- Administration at Translational Health Science & Technology Institute, NCR Biotech Science Cluster, 3rd Milestone, Faridabad – Gurgaon Expressway, Faridabad – 121001, super-scribing on the cover **“Application for the post of Early Career Medical Research Awards”**.

Applications will be scrutinized in the first week of every month. The call for application will remain open till suitable candidates are found. Shortlisted candidates will be invited for an interview for the final selection.
