Recruitment of School of diagnostic innovation in Biodesign Fellows (SiB Fellows)

Recruitment Notice No. THS/RN/43/2021

School of diagnostic innovation in Biodesign (SiB) has been created at Translational Health Science and Technology Institute (THSTI) by Department of Biotechnology (DBT), Ministry of Science and Technology, Government of India. This fellowship program is being implemented at THSTI in collaboration with leading institutions in the country viz. Indian Institute of Technology-Madras (IITM), Christian Medical College Vellore, PGI-Chandigarh and Venture Centre- Pune. The focus of this program is on medtech innovation for the development of affordable and accessible medical diagnostic technologies.

‘**SiB**’ has been a very successful flagship program of DBT which has led to development of more than 35 medtech products and 20 startups.

This call is open for the position of “**SiB Fellows**” at THSTI to work for innovation and product development in medical diagnostics.

The goal of the Fellowship is to foster a pool of social and science innovators in the Bio-design arena and to train them to become successful entrepreneurs. The fellows will be exposed to all aspects of the development, validation, commercialization and use of diagnostics. The fellowship will run for a duration of twelve (12) months. The innovators and entrepreneurs trained via this program are expected to provide niche skills in the domain of diagnostics and enable India to attain its goal of “AatmaNirbhar Bharat”.

The program is looking for millennials with passion for technology innovation and requisite skills for receiving training in clinical immersion, product innovation and entrepreneurship.
